I. About HKU

The University of Hong Kong (HKU) is the oldest university in Hong Kong. As an English-medium university with a history that stretches back more than 100 years, it has grown with and helped shape the city from which it takes its name.

HKU is recognized internationally as a dynamic and comprehensive university of world-class standing. With its distinguished excellence in research and outstanding performance in teaching, it attracts first-class teaching and research staff and brilliant students from around the world. The University’s students enjoy opportunities to work at leading international companies.

In 2003, during the outbreak of Severe Acute Respiratory Syndrome (SARS), HKU medical researchers became the first in the world to identify the coronavirus that caused SARS.

Today, HKU continues to attract the best local students, along with many Mainland China and International students. The University’s academics have outstanding achievements in teaching and research, and about half of HKU’s faculty are from overseas. All ten faculties and their departments provide teaching and supervision for postgraduate-level research (MPhil and PhD) students, with administration undertaken by the Graduate School.
II. Weather in Hong Kong

a) Humid and quite often raining!

Hong Kong is a beautiful island with tropical weather. It can be very humid and hot during the summer. There is a possibility that there can be heavy rain and winds particularly between June and September during typhoon season. Temperatures range from the 25°C - 33°C and the average temperature in the hottest month, July, is 28.7°C (83.7°F).

For the most up-to-date weather information, please visit http://www.hko.gov.hk/

b) Arrangements during Bad Weather

When Tropical Storm Warning Signal No. 8 (or a higher number) or the Black Rainstorm Warning Signal is hoisted, the following arrangements will apply:

(i) For classes and examinations not yet started

| If either of the warnings is hoisted or in force at or after 6:00 a.m. | All morning classes and examinations commencing before 2:00 p.m. will be cancelled automatically. |
| If either of the warnings is hoisted or in force at or after 11:00 a.m. | All afternoon classes and examinations commencing at any time from 2:00 p.m. and before 6:00 p.m. will be cancelled automatically. |
| If either of the warnings is hoisted or in force at or after 3:00 p.m. | All evening classes and examinations commencing from 6:00 p.m. onward will be cancelled automatically. |

(ii) For classes and examinations already started

- **When Tropical Storm Warning Signal No. 8 or above is hoisted**
  - All classes will be suspended immediately.
  - All examinations will continue until the end of that examination session.

- **When Black Rainstorm Warning Signal is hoisted**
  - All classes and examinations, except those held outdoors, will continue.
  - For outdoor classes and examinations, the responsible staff members on the spot should suspend the activities immediately, ensure that all students are taken to a safe place, and remain there until it is safe for them to return home.

When Tropical Storm Warning Signal No. 3 or Red Rainstorm Warning Signal is in force, it should be assumed that all classes and examinations would be held as scheduled unless an announcement to the contrary has been made by the University.
III. Visa

Students should have received a student visa label issued by Hong Kong Immigration Department before travelling to Hong Kong.

Please remember to show your passport page with the student visa label stuck on it to the Immigration Officer when you are at the immigration clearance counter. A landing slip will then be issued to you (below is a sample). Having received the landing slip, coupled with a stamped visa label, your student visa is deemed as validated.
IV. Finance

In the first month of your stay, there are usually significant extra expenses, for example, household items, textbooks and travel expenses.

It is recommended to bring enough pocket money for meals, personal use or any possible emergency. However, please do not carry too much cash with you at any time. You could refer to here for more details about the cost of living at Hong Kong: http://www.studyinhongkong.edu.hk/en/live-in-hong-kong/cost-of-living.php

If you need to withdraw money in Hong Kong, you may use the ATMs in the airport, on campus and at many convenient locations throughout the city. Kindly note that extra charges may be incurred if you withdraw money from ATMs in Hong Kong.

This red brick rectangular building is one of the two historic buildings marking the entrance of the HKU Centennial Campus.
