1. Applications are invited for admission in September 2017 to read for the degree of Master of Statistics. To be eligible for admission to the programme, a candidate shall satisfy both the University Admission Requirements and the Programme Specific Requirements as listed below:

(a) shall comply with the General Regulations;
(b) shall hold a Bachelor’s degree with honours of this University or a qualification of equivalent standard from this University or another comparable institution accepted for this purpose;
(c) shall have knowledge of matrices and calculus, and shall also have knowledge of introductory statistics and linear modelling (for full-time applicant only).
(d) for a candidate who is seeking admission on the basis of a qualification from a university or comparable institution outside Hong Kong of which the language of teaching and/or examination is not English, shall satisfy the University English language requirement applicable to high degrees as prescribed under General Regulation G2(b).
(e) shall pass a qualifying examination if so required.

An application for exemption from the above requirements shall be considered on a case by case basis.

2. The programme emphasizes applications and aims to train knowledgeable statisticians, preparing candidates for consulting work or research in the field.

3. Three new courses as listed below are added into the curriculum for the academic year 2017-18:

STAT8300 Career development and communication workshop (3 credits)
STAT8305 Bayesian statistics (3 credits)
STAT8306 Statistical methods for network data (3 credits)

4. The curriculum shall extend over not less than two academic years for part-time study and not less than one academic year for full-time study, with a minimum of 340 hours of prescribed work.

5. There are Lifelong Learning Prizes in Statistics, each with a value from HK$5,000 to HK$10,000, for students in this programme based on their first semester examination results for full-time students and their first year examination results for part-time students.

6. There is a Master of Statistics Outstanding Performance Scholarship, one prize of HK$50,000, for a student in this programme who obtains the first in ranking of the overall examination results.
Applications for a taught postgraduate programme can be submitted via our on-line application system at
http://www.aal.hku.hk/tpg/ (The prospectus of 2017-18 would be updated around January 2017)
or http://www.scifac.hku.hk/pg/prospective/tpg

The Regulations and Syllabuses for the above programme can also be viewed at

Application period:
Main Round: November 3, 2016 to December 15, 2016. Candidates who apply
